

Loving God,
Creator of heaven and earth and all that is in them,
you created us in your own image and
made us stewards of creation.
You blessed us with the sun, water and bountiful land
so that all might be nourished.

Open our minds and touch our hearts,
so that we may attend to your gift of creation
Help us to be conscious that our common home
belongs not only to us, but to all of your creatures
and to all future generations,
and that it is our responsibility to preserve it.
May we help each person secure the food and resources
that they need.

Be present to those in need in these trying times,
especially the poorest and those most at risk
of being left behind.
Transform our fear and feelings of isolation
into hope and fraternity
so that we may experience a true conversion of the heart.

Help us to show creative solidarity
in addressing the consequences of this global pandemic.
Make us courageous to embrace the changes
that are needed in search of the common good.
Now more than ever may we feel
that we are all interconnected and interdependent.
Enable us to listen and respond
to the cry of the earth and the cry of the poor.
May the present sufferings be the birth pangs
of a more fraternal and sustainable world.

Under the loving gaze of Mary Help of Christians,
we make this prayer through Christ Our Lord.
Amen.

Thought for the week
Christ the King
21st November, 2021

The Solemnity of our Lord Jesus Christ, King of the Universe.

From this weekend's Gospel reading we can imagine Pilate's puzzlement when questioning Jesus. What kind of king allows himself to be taken prisoner, facing a cruel and ignominious death, with no army on its way to rescue him?

When Jesus says, "*Mine is not a kingdom of this world.*", we should ask ourselves what sort of kingdom are we striving to be a part of. Where do our priorities lie? Are we more caught up in the demands of this world and the expectations of our society? Or are our eyes firmly fixed on the Kingdom of Heaven where Jesus reigns as the true King?

Today's feast, also more commonly known as the Feast of Christ the King, was instituted less than 100 years ago (in 1925) and was a response to the rise in secularisation, atheism and communism. It honours Jesus Christ as Lord over all creation. The whole of creation, and the effects of the climate emergency which we now face, has been at the forefront of our minds and news bulletins in recent weeks. How should we respond?

So, as we come to the end of the liturgical year, there is much to think about on this feast day: Jesus as King of all creation, Jesus as the King reigning in our hearts with his commandments to love and bear witness to the truth and, most importantly, what are our responses to Him.
